

*The Town of
Leesburg,
Virginia*

**TOWN OF LEESBURG
SNOW SEASON REMINDER
PUBLIC NOTICE**

Town of Leesburg snow emergencies are announced on WAGE Radio AM 1200.

When a snow emergency is in effect, vehicles must be removed from snow emergency routes.

Snow emergency routes include Market Street, from Fairview Street to the Route 15 Bypass; King Street from north of Union Street to Country Club Drive; and Loudoun Street, from Liberty Street to Harrison Street.

The Town of Leesburg Public Works Division is responsible for snow removal from public streets throughout town. Town crews work day and night to clear streets as quickly as possible. Crews will salt and sand snow emergency routes and other primary roads first, followed by side streets. Plowing is also performed on a priority basis, with main streets receiving attention first. Until plowing is completed, citizens are urged not to use streets unless absolutely necessary.

Snow from private property, driveways and parking areas must not be pushed into the town's right-of-way.

Property owners or occupants are required to remove snow from the sidewalk adjoining their property within 12 hours of a snowfall. If ice is present and cannot be removed, it should be covered with sand, kitty litter, ashes or other substance that will allow safe passage.

Sleds are not permitted on public streets.

For more information on snow emergencies, please call the Leesburg Public Works – Street Division at **703-737-7070** or visit our web site www.leesburgva.org
